Catch our uniquely Wisconsin mission as we make another Bike & Veteran pairing possible in our hometown! We believe riding is an alternative therapy; and we work to reconnect injured WI Veteran riders with a passion that helps them move through injuries sustained during active duty. Using a motorcycle as the tool to enhance their healing and redirect their life path, our gift of a Harley returns personal peace, freedom, joy and the supportive camaraderie of riders to a struggling WI Veteran rider who can't afford to buy their own bike. Despite our small nonprofit's goal of gifting one bike a year, this pairing marks the 60th Veteran that Hogs For Heroes has supported in our ten years of returning freedom to those who fought for ours. This is our tenth bike this season alone, with one more, record-breaking bike to roll out still in 2025!

Bring your friends and ride on over—rain or shine—to share in the gratitude we have for all Veterans by assisting one at a time. We'll be hanging in the parking lot from 9:30-12, serving up donuts and coffee for the chance to meet, tell you more about our mission and introduce you to prior Veteran Recipients. Unique to Tiffany's 2024 Road Glide 3 trike, it has been fully sponsored by Dane County's Fire Fighters Local 311 and the Professional Fire Fighters of Wisconsin's fundraising efforts for us. Join us as we pass our sixtieth set of keys to the gorgeous bike she chose from our hometown dealer, Harley-Davidson of Madison. Trust us, you don't want to miss this emotional, patriotic moment as we change, if not save, another deserving life.

Our mission is simple: as a 501(c)(3) WI nonprofit, we raise funds to buy Harleys for injured Wisconsin Veteran riders whose healing would benefit from returning to motorcycling. Each gifting is fueled simply by public donations: and 100% of every dollar donated for the Bike goes straight to buying the next Bike...and nothing else.
