

February 1, 2026

Dear Wisconsin Veteran,

From the bottom of our hearts, we thank you for your service to our Country and the many sacrifices that entails. We are civilians, and it is our deep respect and gratitude that drives us to work for, and support, you and your healing.

We appreciate your interest in our organization and application process. We started Hogs For Heroes as a unique way for a grateful public to support our Veterans by assisting one at a time. We've learned a lot about the Veteran community since beginning this journey, but perhaps most important is that few Veterans consider themselves "heroes". That is a revered title we chose because we find you, and the sacrifices you have made, to be heroic. We've also learned Veterans tend to be humble and selfless and typically don't want to put themselves ahead of others, especially other Veterans. And frankly, none that we've encountered think they deserve such a gift. While we respect and appreciate the honorable sentiments, we ask that they not hold you back from applying for an opportunity that could enhance your healing and change your life's direction and relationships.

Let us be clear: *our gift is NOT an award for service. It is a tool to help change the life of someone who has been struggling with their service-connected injuries and can't afford to buy their own motorcycle.* The Harley provides the means by which Recipients regain the many therapeutic benefits of riding; and since you're a rider, you know exactly what we're talking about and what you've been missing. Although our gift is to just one individual, our Recipients aren't the only ones to appreciate the miles gained: spouses, children, families, friends, employers and communities also benefit by the Recipient's ability to heal, reconnect and reengage...all because a motorcycle reentered their lives.

When we created this nonprofit we hoped to be successful enough to gift one Harley a year. Instead, we've returned 61 Veterans back to the road since 2016 and look forward to starting our 2026 season by handing over *at least ten sets of keys this riding season.* The success of our fundraising shows a grateful public is eager to assist our Veteran's healing by providing this alternative therapy. Additionally, conversations with Supporters across the state—including your family, Brothers and Sisters in Arms, friends and strangers—tell us they genuinely want you to regain the many benefits that owning and riding a Harley can provide. Please consider this encouragement as you weigh the decision to apply for a tool that could literally change, if not save, your life.

Admittedly, our application process is hard and requires significant information, thought, and energy. We don't do this to be difficult; instead, we do it to help you release your story and lessen the burden you carry by writing it all down. Past Recipients and Applicants alike have told us the process was hard, but that they found it highly therapeutic and have appreciated the supportive understanding gained. Additionally, supporters trust us with their hard earned donations. We take that very seriously and gather as much information about you as we can to make the best decisions possible. Submitting your application once in the calendar year allows you to be considered for each gifting we are able to do that year. We get more applications than we can gift bikes; and we absolutely encourage you to reapply if you are not selected this year. That says something to us; in fact, roughly 30% of our Recipients applied multiple times before being selected.

Every Veteran's story and need are different. *Our decisions are not about years, rank, number of deployments or medals earned. Although those achievements are both admirable and impactful on a life, it is about healing the toll taken on you and those close to you.* Please remember that we only know what you share with us, so feel free to let it all flow out. We hope that, at a minimum, you find a release as you share often private and difficult components of your life. Healing is a journey that, for many, never ends; we're here simply to help make that rough road a little smoother, provide an alternative therapy, and reduce the number of Veteran suicides...one Veteran at a time.

**As the great Wayne Gretzky said, "You miss 100% of the shots you don't take."** Take the shot for yourself and the many who support you.

Ride free,

Kevin & Audra Thompson and Craig & Michelle Thompson  
Hogs For Heroes Founding Family Members

## APPLICATION

### Acknowledgement:

Your application provides a demographic and factual history of your service, experiences and current situation. It is also meant to highlight who you are, what you've been through and subsequently struggle with, and your passion for motorcycling. *It speaks for you and should be completed in detail with integrity, honesty and accuracy.*

We believe there is immense benefit in sharing our recipient's stories as they promote individual healing, enhance support networks and serve to educate our public on the issues facing our Veterans. By completing and submitting this form, you acknowledge that all information shared in the process may be used respectfully for communication purposes by the organization if selected.

### Instruction:

In order for you to have a clear understanding of our program, criteria and process, it is important to review the "Application Process" PDF, found next to our application materials, prior to completing this application itself.

**Required documents: 1) Application PDF, 2) Consent PDF, and 3) Waiver PDF must each be printed off by from the links found on our website's Application page. They are not fillable PDF's and information will be lost if attempted.** The three documents are to be manually completed, legibly and in ink, and signed. All areas are considered required information, unless non-applicable, and subject to verification.

To assist in our review, *photocopies* of the following supporting documents are required. It is imperative you assure this documentation is provided to avoid delay in consideration or disqualification:

- All DD 214s, discharge papers and separation documents within your possession,
- V.A. Disability Compensation Award Letter(s) in their entirety, if applicable, listing your total disability rating and allowance compensation.
- V.A. Rating Decision Letter, listing individual disabilities/diagnoses and their respective ratings. (In the absence of V.A. connection, private medical documentation of diagnoses, service connection and impairment is required),
- Current and valid Wisconsin drivers license showing motorcycle endorsement,
- Most recent Income Tax Return and/or Retirement Filing filed with the IRS in the previous tax year.

A checklist to assist your submission follows. All required components *must be received with a postmarked date no later than **February 28, 2026.*** Late arrivals will not be considered for this gifting period. Applications will not be returned.

### Approval:

I have read the application process and statements, agree, and will submit an honest and accurate reflection of my military and personal life. I understand that the failure to provide all required components and documents may eliminate my application from the review process.
